PRIMAVERA OFFICINA 8 (125)

The Vespa Primavera Officina 8 reinterprets Vespa’s heritage with elegance and a contemporary spirit. The intense blue livery is inspired by the industrial machinery found in the historic Officina 8 workshop of the Piaggio factory. A homage to tradition, transformed into a distinctive symbol of strength and identity. The metal details, polished brass rivets and contrast stitching on the saddle are testament to the ingenuity, care and passion Vespa has forever displayed.
